

Project Curo

BTG Advisory has been retained by an acquisitive domiciliary healthcare provider based in the North West.

Opportunity

- Seeking Care Quality Commission (CQC) registered providers of continuing domiciliary healthcare
- Business based in the North of England, in particular Yorkshire, the North East and North Midlands
- Turnover between £500k and £5m
- Ideally, a business that is able to retain its registered manager and other senior staff post-completion
- Flexible deal structure available, depending on target and vendor requirements

Financial Overview

- The acquirer has several offices across the North West
- A CQC registered domiciliary care provider that also supplies general healthcare staffing services
- The business has experienced strong growth since its incorporation, and is now looking to expand further through acquisition

For Further Information

Enquires should be directed in the first instance to:
